Happy Birthday Dr. Seuss – Students from the City of Beverly Hills Preschool Programs celebrated Dr. Seuss’s birthday and participated in the National Education Association’s Read Across America Day, a nationwide reading celebration that takes place annually on March 2 (Dr. Seuss’s birthday). Thousands of schools, libraries and community centers across the country participate by bringing together kids, teens, and books. The preschoolers took part in many activities related to Dr. Seuss’s beloved stories, including wearing crazy socks to school, making “Cat in the Hat” hats and snacking on green eggs and ham.
